

## WiFi Hotspot Terms of Agreement:

This Agreement is between Clyde CISD and the guardian and student identified below who hereby agree as follows:

1. Introduction. The District offers students the opportunity to use the equipment for curriculum needs as deemed necessary. Because moving equipment off District premises can result in damage and theft, the District requires guardians to undertake the financial responsibility for the loss or destruction of its resources.

2. Use of Equipment. Guardian/Student agrees to ensure the use of the equipment is in accordance with the district's acceptable use policies and to use the equipment for the intended educational purpose. The equipment is for student use only and only for school-related work. The guardian and student agree to make the equipment promptly available to representatives of the district when requested. The guardian/student understands that any repair to the equipment must be performed by district personnel or approved agents.

3. Hotspot Specifics: The WiFi Hotspot shall not be used for illegal use.

4. Financial Responsibility. Guardian/Student acknowledges that the District owns and shall retain title to the equipment and the guardian agrees to bear the cost of loss or damage to the equipment while it is in their possession. The guardian agrees that he or she will promptly pay to the district the full estimated value or repair cost (**\$129.97**) of such equipment if the equipment is damaged, destroyed, lost or stolen or for any reason the guardian is unwilling or unable to return it by the time specified by the District.

5. Acknowledgment of Delivery. Guardian/Student acknowledges that the equipment has been delivered to him or her and accepts such equipment 'as is' on the terms and conditions set forth in this Agreement. The District makes no warranty, expressed or implied, with respect to the Equipment.

6. Repair or Service: Please contact the CCISD Information Technology Department, at [techs@clydeisd.org](mailto:techs@clydeisd.org) or 325-893-3100 if equipment needs repair or service.
