[X]	1. <b>Comprehensive needs assessment</b> – All data were reviewed for all students and student groups. The results and conclusions of this review are reflected in the SMART goals for the next school year.
[X]	2. <b>School-wide reform strategies</b> – These strategies include ones that strengthen the core academic program; meet the educational needs of historically under-served populations; increase the amount and quality of learning time; and address needs of all, but particularly low-achieving students. Examples of school-wide strategies follow: teach content-focused vocabulary terms/phrases – 20 per year, per core subject from the district’s list – for all students to learn (in addition to the usual teacher-selected vocabulary words); expand effective instructional strategies, including use of technology in ways proven to increase students’ engagement in learning and level of thinking about content and concepts.
[X]	3. <b>Instruction by highly qualified teachers</b> – 100% of our teachers are certified for the position they hold even though they have varying levels of experience. Experienced teachers give support to less experienced teachers. Parents are notified if a teacher is not certified, and the teacher must either be working toward certification or efforts continue to hire someone who is certified.
[X]	4. <b>High-quality and ongoing professional development</b> – Helping teachers provide on-the-job training and monitoring to promote teachers’ professional development. Staff members participate in professional development offered throughout the year. Professional development may also be conducted on site by in-house instructional leaders and also by district instructional support staff.
[X]	5. <b>Strategies to attract high-quality, highly-qualified teachers</b> – Recruiting and retaining highly-qualified teachers is a continuous process. We closely work with our district’s Human Resources administrators and network with other principals to help in this effort. Our own teachers also serve as recruiters. The result has been that 100% of our classroom teachers are appropriately certified for the position they hold.
[X]	6. <b>Strategies to increase parental involvement</b> – Schools engage in numerous activities to increase parent involvement in the campus’s programs. Open Houses, telephone calls, and newsletters are just a few methods of recognizing parents as partners. In addition, parents are offered classes to meet their needs, for example, ESL classes or STAAR information programs.
[ ]	7. <b>Transition from early childhood programs</b> – Elementary schools collaborate with early childhood centers to coordinate parent and student visits to kindergarten programs. Elementary schools conduct community awareness campaigns and registration days. (Not applicable to secondary schools)
[X]	8. <b>Measures to include teachers in the decisions regarding the uses of academic assessments</b> – Numerous teacher reports are available for the teachers to access throughout the year. These reports are based on locally-developed and summative assessments. Ongoing staff development is available on site to analyze assessment data. Grade-level, content-area, team, or departmental meetings and the CPOC provide forums to discuss assessment issues.

| <p>[X] 9. <b>Effective, timely additional assistance</b> – Formative and summative assessments provide the data for teachers and administrators to monitor individual student progress so that interventions and assistance will be timely. Various live reports are available via infoserv web and are accessible to teachers and administrators.</p> |
| <p>[X] 10. <b>Coordination and integration of federal, state, and local services and programs</b> – At the building level, federal, state and local services and programs are coordinated to address student needs best; this coordination of services and programs is reflected in the activities listed in the campus goals and strategies.</p>      |
