TRANSFER AGREEMENT

This Transfer Agreement establishes the terms and conditions for _____ ("student" name) to attend the Clyde Consolidated Independent School District public schools ("District") as a transfer student for the 2025-2026 school year, although the student is a resident of the _____ ("home district") School District. The student's parent or other person having lawful control of the student, _____ ("parent/guardian" name), requests that the student be permitted to attend District schools in the 2025-2026 school year and agrees to the following terms and conditions for that transfer:

1. This transfer is effective for the current school year only. District approval of this transfer creates no right or expectation that the student will be admitted as a transfer for any subsequent school year. Violating the terms of the agreement may result in a transfer request not being approved for the following year.
2. This transfer is approved for the named student only. District approval of this transfer creates no right or expectation that another student from the same family will be admitted as a transfer.
3. The student must maintain acceptable levels of attendance and compliance with District rules and regulations, including the Student Code of Conduct, throughout the entire school year. Acceptable levels are defined as:
 - a. Attendance that does not place the student at risk of losing credit under Education Code 25.092 (falling below 90% attendance) or require the District to warn the parent or the student of truancy proceedings under Education Code 25.095; and
 - b. Compliance with the District's rules and regulations, including the Student Code of Conduct, such that no offenses result in removal to a disciplinary alternative education program (DAEP) or expulsion, no offenses that warrant a placement in in-school suspension (ISS) or out-of-school suspension (OSS), and no more than two referrals are made within any grading period for other misconduct.
4. A student may have the transfer status revoked if attendance or discipline issues arise during the term of this agreement.
5. The parent or the student will be responsible for transportation to and from the District school to which the student is assigned.
6. The student and parent acknowledge that eligibility of transfer students for participation in any UIL activity or other activities governed by UIL rules and regulations will be determined in accordance with UIL rules and regulations.
7. Except as modified by this transfer agreement, the student will be subject to all policies, rules, regulations, rights, privileges, and responsibilities of enrollment in the District as if he or she resided in the District.

The District and the parent agree that this transfer agreement is the entire agreement controlling the admission and enrollment of the student in the District for the 2025-2026 school year only.

Education Code 25.039

Definitions

"Home district" means a district of residence of a transferring student.

"Receiving district" means a district to which a student is transferring for the purpose of obtaining an education.

"Tuition" means an amount charged to the home district by the receiving district to educate the transfer student.

*Tuition Allotment
of the Home
District*

For the purposes of calculating the tuition allotment of the home district as authorized by Education Code 48.154, the amount of tuition that may be attributed to a home district for a transfer student in payment for that student's education may not exceed an amount per enrollee calculated for each receiving district. The calculated limit applies only to tuition paid to a receiving district for the education of a student at a grade level not offered in the home district. Tuition may be set at a rate higher than the calculated limit if both districts enter a written agreement, but the calculated tuition limit will be used in the calculation of the tuition allotment for the home district. The calculation will use the most currently available data in an ongoing school year to determine the limit that applies to the subsequent school year. For purposes of this provision, the number of students enrolled in a district will be appropriately adjusted to account for students ineligible for the Foundation School Program funding and those eligible for half-day attendance.

*Calculated
Tuition Limit*

The calculated tuition limit is the sum of the excess maintenance and operations (M&O) revenue per enrollee and the excess debt revenue per enrollee, as calculated in 19 Administrative Code 61.1012(b)(2)-(3).

*Notification and
Appeal Process*

In the spring of each school year, the commissioner will provide each district with its calculated tuition limit and a worksheet with a description of the derivation process. A district may appeal to the

commissioner if it can provide evidence that the use of projected student counts from the LPE in making the calculation is so inaccurate as to result in an inappropriately low authorized tuition charge and undue financial hardship. A district that used significant nontax sources to make any of its debt service payments during the base year for the computation may appeal to the commissioner to use projections of its tax collections for the year for which the tuition limit will apply. The commissioner's decision regarding an appeal is final.
